Compost: Find out what you need to know, pg 2

Spring cleaning? Get your bulky-items picked up, pg 3

## Trash Talk with Your City Leaders

We sat down with Healdsburg Mayor, Evelyn Mitchell, and asked her how she does her part to WASTE ZERO.

**Q:** What lifestyle choices help you get closer to WASTE ZERO?

**A:** "Becoming more familiar with what can be composted... Unless you make the effort to know what you can and can't recycle or compost, you have to take some time to understand it and be interested to do it. I am a good example of a person who is fairly lazy but is now doing it! It's simple to do and it makes a big impact." Although she wouldn't consider herself "advanced" in the low waste lifestyle, she still takes steps where she can. One step she took recently was to purchase a stylish new compost container for her countertop to make sure she is always composting her kitchen scraps.

**Q:** Why is this important to you?

**A:** "I often have conversations with constituents about greenhouse gas implications, and how we can control that as a community. So, I think there is an awakening that is happening at that level... I also have a concern about the landfill with its finite amount of space. So, it is obvious and clear we have to do more...that's really a motivator."

**Q:** What WASTE ZERO tips do you have for your fellow Healdsburgians?

**A:** "The main tip is to educate yourself. Even if you take 5-10 min today and go on [Recology's] website, even if you teach yourself a little bit about recycling and compost... and then you can tell your friends how easy it is."

# COMPOSTING: WHAT YOU NEED TO KNOW

## COMPOSTAJE: LO QUE USTED NECESITA SABER

**SB1383**

1. Nearly all businesses will be required to have compost collection by Jan. 1, 2022.
2. If your business generates a significant amount of edible food, you will be required to donate food to a pantry or similar organization.
3. Residents will be required to either compost their food scraps at home or place them in their compost cart instead of their garbage cart.

**Let our Waste Zero Team help** your school, business, or multi-family dwelling recycle and compost more while saving money on your monthly bill! We provide technical assistance, free signage/tools, and staff trainings. Contact our Waste Zero team by calling 800.243.0291.

California Senate Bill (SB 1383) "Short-lived Climate Pollutants" goes into effect on January 1, 2022. This California state law requires a 75% reduction of organic material disposed of in landfills and a 20% increase in edible food recovery by 2025. Studies show that 33% or more of waste sent to landfills is made up of food, yard debris, and other organic matter. Landfilled organic matter creates methane, a powerful greenhouse gas, that causes climate change. We must all do our part at home and at work to slow climate change by recovering edible food for hungry people and composting our food scraps instead of placing them in the landfill.

*El Proyecto de Ley del Senado de California (SB 1383) "Contaminantes Climáticos de Corta Duración" tomara efecto el 1 de enero de 2022. Esta ley estatal de California requiere una reducción del 75% del material orgánico que se tira en los vertederos de basura y un aumento del 20% en la recuperación de alimentos comestibles para el año 2025. Los estudios muestran que el 33% o más de los desechos enviados a los vertederos de basura están compuestos de alimentos, desechos de jardín y otra materia orgánica. La materia orgánica que termina en los vertederos de basura crea metano, un poderoso gas de efecto invernadero, el cual causa el cambio climático. Todos debemos hacer nuestra parte, en la casa y en el trabajo, para frenar el cambio climático recuperando alimentos comestibles para las personas que padecen hambre y compostando los restos de comida en lugar de tirarlos al vertedero de basura.*

## The CARE Di\$count

### El De\$uento CARE

Households in Healdsburg may be eligible for a **20% discount on their Recology bill, through the Recology Cares program**. Participation in the Pacific Gas and Electric (PG&E) CARE program qualifies you for the Recology Cares program.

**To apply, simply email us** ([recologysonomamarin@recology.com](mailto:recologysonomamarin@recology.com)) a copy of your most current PG&E bill showing participation in their CARE program. A 20% discount will then be applied to the billing cycle in which the documentation is received. The name and address on your PG&E account must match the name and address on your Recology account. Please note that you may be asked to verify annually.

Los hogares de Healdsburg pueden ser elegibles para un descuento del 20% en su factura de Recology, a través del programa Recology Cares. Al participar en el programa CARE de Pacific Gas and Electric (PG&E, por sus siglas en inglés), lo hace elegible para participar en el programa Recology Cares.

Para pedir que lo inscriban en el programa Recology Cares, simplemente envíe por correo electrónico (a [recologysonomamarin@recology.com](mailto:recologysonomamarin@recology.com)), una copia de su factura más reciente de PG&E y la cual muestre que usted participa en el programa CARE. Seguidamente, se aplicará un descuento del 20% al ciclo de facturación en el que se reciba la documentación requerida. El nombre y la dirección que aparecen en su cuenta de PG&E deben coincidir con el nombre y la dirección que aparecen en su cuenta de Recology. Tenga en cuenta que es posible que se le solicite una verificación anualmente.

# GET THE FACTS! ¡INFÓRMESE BIEN!

**Cartons are recyclable:** Your beverage cartons and aseptic containers are in fact recyclable!

**Los envases de cartón son reciclables:** Los envases de cartón para bebidas, y envases asépticos, en realidad si son reciclables.

**PPE disposal:** Your used mask, gloves, and other personal protective equipment should be placed in the garbage. They are not recyclable.

**Eliminación del EPP:** La mascarilla, los guantes y otros equipos de protección personal, ya usados, deben tirarse a la basura. No son reciclables.

**Don't bag your recyclables:** Make sure your recyclables are loose so that we can sort them properly.

**No ponga sus materiales reciclables en bolsas:** Asegúrese de que sus materiales reciclables estén sueltos para que nosotros podamos clasificarlos correctamente.

**"Compostable" plastics:** These are not accepted by local compost facilities, as they don't break down in a timely manner. You can place these in the garbage.

**Plásticos "Compostables":** Estos no son aceptados por las instalaciones de compostaje locales, ya que no se descomponen de manera oportuna. Puedes tirarlos a la basura.

## The CCNB can help!

Check out the drop-off recycling programs for **mattresses, carpet, and e-waste** provided by the North Bay Conservation Corps at their Novato and Cotati locations:  
[CCNorthBay.org/zero-waste](http://CCNorthBay.org/zero-waste)

**Batteries:** Batteries need to be disposed of as hazardous waste. If thrown in the garbage or recycling they could start fires at our facilities. Please help protect our workers and dispose of them properly.

**Baterías/Pilas:** Las baterías/pilas deben desecharse como residuos peligrosos. Si se tiran al bote de basura o en el contenedor de reciclaje, estas podrían provocar incendios en nuestras instalaciones. Por lo tanto, ayude a proteger a nuestros trabajadores y elimínelas correctamente.

**Clean your recyclables:** When recycling your different items make sure to clean and dry them before putting them in your bin! Water-wise tip - use dirty dishwater and/or a used napkin. For example, this peanut butter jar would be ok!

**Limpie sus envases:** ¡Al reciclar los diferentes envases, asegurarse de vaciarlos, enjuagarlos y secarlos antes de ponerlos en su contenedor de reciclaje! Para economizar agua: utilice agua del fregadero o utilice una servilleta. Por ejemplo, ¡este frasco de mantequilla de maní estaría bien!

## CURBSIDE CLEAN-UP RECOLECCIÓN POR LA ACERA

### Get ready: April 12th-16th

Follow these outlines below and get your items to the curb for some spring cleaning!

- ✓ **14 bags, boxes, or cans of refuse, OR**  
*14 bolsas, cajas o botes de basura, O*

*7 bolsas, cajas o botes de basura & 1 artículo voluminoso, O*
- ✓ **2 bulky items**  
*2 artículos voluminosos*
- ✗ **No hazardous waste or appliances**  
*No residuos peligrosos o electrodomésticos*

An appointment must be made for major appliances and bulky items over 60lbs / Haga una cita para la recolección de artículos que pesan más de 60 libras: 800.243.0291 or [RecologySonomaMarin@Recology.com](mailto:RecologySonomaMarin@Recology.com) by 2pm, April 9, 2021.

# HAZARDOUS WASTE

## RESIDUOS PELIGROSOS

**DO NOT** dispose of household hazardous waste in the garbage, recycle, or compost bins. It is extremely dangerous to sanitation workers and must be disposed of properly. **Zero Waste Sonoma** has several options for the proper disposal of household hazardous waste. Visit their website at [ZeroWasteSonoma.gov](http://ZeroWasteSonoma.gov) or call 707.565.3375 for more information.

**NO ponga los residuos domésticos peligrosos en el bote de basura o en los contenedores de reciclaje o compostaje.** Es extremadamente peligroso para los trabajadores de saneamiento, y deben ser eliminados adecuadamente. **Zero Waste Sonoma** tiene varias opciones para la eliminación adecuada de los residuos domésticos peligrosos. Visite el sitio web [ZeroWasteSonoma.gov](http://ZeroWasteSonoma.gov) o llame al 707.565.3375 para obtener más información.
