

City of San Carlos

Solid Waste

Rate Reduction Program

How do I know if I qualify?

The program applies to residential single-family Recology customers in San Carlos. Qualification is based on gross annual household income. Residents who receive the PG&E CARE discount on their monthly PG&E bills automatically qualify for the 10% Solid Waste Rate Reduction Program. If you think you qualify for the PG&E CARE Program but have not yet signed up, visit the PG&E CARE website, email careprogram@pge.com or call (866) 743-2273. You must be enrolled in PG&E's CARE Program in order to receive the City's 10% solid waste discount.

How do I sign up for the City's Solid Waste Rate Reduction Program?

If you qualify, please email or mail to the City at the address below:

- 1) Your contact information (fill in box below);
- 2) A copy of your most recent PG&E bill showing enrollment in PG&E's CARE Program; and
- 3) A recent Recology bill.

City Hall, Public Works Department
600 Elm Street
San Carlos, CA 94070
pwpermits@cityofsancarlos.org

What if I have more questions?

Call (650) 802-4194 or visit the Solid Waste Rate Reduction Program website at www.cityofsancarlos.org/solidwasterates.

City of San Carlos

Sewer Rate Reduction Program

If you are eligible for the Solid Waste Rate Reduction Program, you may also qualify for a similar low-income program offering a 10% discount on your annual sewer charge! The Sewer Rate Reduction Program applies to residential single-family households in San Carlos that are enrolled in PG&E's CARE Program. If you think you qualify for the PG&E CARE Program but have not yet signed up, visit the PG&E CARE website, email careprogram@pge.com or call (866) 743-2273. If you qualify, please apply online at www.cityofsancarlos.org/SewerRates or mail to the City at the address below:

1. Your contact information (fill in box below);
2. A copy of your most recent PG&E bill showing enrollment in PG&E's CARE Program; and
3. A copy of your property tax bill and proof of payment

COMPOST BINS HAVE ARRIVED IN DOWNTOWN SAN CARLOS!

Sort your waste properly with the recycle, compost, and landfill bins available on Laurel Street.

Composting food scraps and food/beverage-soiled paper ensures none of those materials are going to the landfill, which is where they will decompose and produce methane – one of the most potent greenhouse gases in Earth's atmosphere. By composting correctly, you are doing your part to fight climate change!
