INFORMACIÓN EN ESPAÑOL EN EL INTERIOR

Compost, It's the Law *Compostaje, Es la Ley*

California Senate Bill (SB 1383) "Short-lived Climate Pollutants" goes into effect on January 1, 2022. This California state law requires a 75% reduction of organic material disposed of in landfills and a 20% increase in edible food recovery by 2025. Landfilled organic matter creates methane, a powerful greenhouse gas, that causes climate change. We must all do our part at home and at work to slow climate change by recovering edible food for hungry people and composting our food scraps, yard debris, and soiled paper instead of placing them in the landfill.

La Ley del Senado de California (SB1383) "Contaminantes Climáticos de Corta Duración" tomara efecto el 1 de enero de 2022. Todos debemos hacer nuestra parte, en la casa y en el trabajo, para frenar el cambio climático recuperando alimentos comestibles para las personas que padecen hambre y compostando los restos de comida en lugar de tirarlos al vertedero de basura.

Residents
will be required
to compost
at home or
curbside.

Ven a crecer con nosotros y conviértete en un empleado propietario. Los puestos vacantes locales incluyen conductores, clasificadores, mecánicos y representantes de servicio al cliente. ¡Vea las descripciones de trabajos y solicite en [Recology.com/careers](https://www.recology.com/careers)!

Photo: This mural was created in 2021 in partnership with a local non-profit, ArtStart. Each employee painted a flower or petal helping us come together through art while apart during the pandemic.

GET THE FACTS

How can I save on my bill?

Compost and recycle more to decrease your garbage service! Do an audit to see what materials you are landfilling that can actually be placed in the compost or recycling. Also try finding reusable and recyclable alternatives for items in your daily life.

How much water should I use to clean containers?

It is very important that containers are clean and dry in order to ensure they get recycled. To save water, try reusing dirty dishwater to rinse containers and wipe away excess food residue with a used napkin. It is OK if containers have a light residue - like this peanut butter jar.

We haul them to our sorting facility, where paper, plastic, glass, cardboard, and metals are separated out and baled. Our plastics, glass, and metals are all sold to California buyers who recycle them in the state. Paper and cardboard bales are sold to mills in the Pacific Northwest as well as various countries in Asia.

Where do my recyclables go?

Rigid plastic containers (i.e. bottles, tubs, jugs, or cups), can be recycled in your blue bin. These are plastic numbers 1, 2, and 5. Plastics that are not containers (i.e. bags, straws, utensils, or Styrofoam) should go in the garbage bin. "Compostable" plastics should go in the garbage as well. It's best to try to find alternatives for the plastics in your life.

What should I do with plastics?

SERVICE REMINDERS RECORDATORIOS DE SERVICIO

Do not pile leaves on the street. Place leaves in your compost cart or use them as mulch in your garden to protect and build nutrients in the soil.
No apile hojas en la calle. Coloque las hojas en su carrito de abono o utilícelas como mantillo en su jardín para proteger y acumular nutrientes en el suelo.

Keep carts out of the bike lane. Carts in the bike lane are dangerous to bicyclists. Place carts close to the curb instead.
Mantenga los carritos fuera del carril para bicicletas. Los carritos en el carril para bicicletas son peligrosos para los ciclistas. Coloque los carritos cerca del bordillo en su lugar.

Keep 2ft between each cart. Carts placed too closely are very difficult for our drivers to service.
Mantenga 2 pies entre cada carrito. Los carritos colocados demasiado cerca son muy difíciles de dar servicio para nuestros conductores.

Holiday Schedule Calendario de los Días Festivos

Holidays will impact service schedule. Regular collection service will be provided on Thanksgiving Day. There will not be collection service on Christmas and New Year's Day. Service will be delayed by one day for those holidays. You can check your holiday service schedule at [Recology.com/RSMschedules](https://www.recology.com/RSMschedules).

Los días festivos impactarán el horario del servicio. Regular el servicio de recolección se proporcionará el día de Acción de Gracias. Día. no habrá servicio de recogida en Navidad y el día de Año Nuevo. El servicio se retrasará en un día para esas días festivos. Puede consultar el horario de su servicio de días festivos en [Recology.com/RSMschedules](https://www.recology.com/RSMschedules).
