**HOUSEHOLD HAZARDOUS WASTE DROP-OFF**  
August 26 | By Appointment Only

## HELP US IMPROVE ACCESSIBILITY

The City of Foster City is updating its Americans with Disabilities Act Self-evaluation and Transition Plan, and we're asking for the community's input by completing a survey addressing the accessibility of public facilities, programs, services, and more. Take the survey by June 16: [www.fostercity.org/adasurvey](http://www.fostercity.org/adasurvey)

Your opinions are important to us and will provide valuable information regarding how we can better serve persons with disabilities.

## SIDEWALK MAINTENANCE

Are you a property owner in Foster City? Please remember that you are responsible for the condition of the sidewalks adjacent to your property. If the sidewalk has a problem that causes injury or damage, you may be liable. Learn more about your responsibilities and the resources that are available:

[www.fostercity.org/sidewalks](http://www.fostercity.org/sidewalks)

# LEVEE PROJECT UPDATE

Your Measure P Investment at Work

▶ On March 6, the City Council approved Contract Change Order No. Thirty-one (CCO #31) to Shimmick Construction Co. Inc and the contractor is working toward the following milestones:

- ▶ Target Date for Phase 2 Milestone (Shorebird Park to San Mateo Bridge): End of May 2023
- ▶ Target Date for Phase 3 Milestone (North of San Mateo Bridge): End of July 2023

All schedules are subject to change and the most current, up-to-date schedule is always available on the homepage of the project website: [fostercitylevee.org](http://fostercitylevee.org)

▶ As the project continues, the community is reminded that even when work is not underway in a specific location, it is not safe for the public to be anywhere inside the work zone. Trespassing into the closed, fenced trail and staging areas can incur additional cost to the City and project, and is prohibited at all times.

▶ At the end of March, the City restored public access to Phase 1 of the Levee Bay Trail. The contractor is required to open the whole trail for public use by October 2023, with minor correctional items to be completed within the phases. January 2024 is the final Project completion date.

If you have questions or comments about the Levee Improvements Project, email us at [leveeproject@fostercity.org](mailto:leveeproject@fostercity.org) or call our Construction Hotline at 1-800-213-6320. Visit us online at [fostercitylevee.org](http://fostercitylevee.org).

## HELP FOSTER CITY UPDATE ITS CLIMATE ACTION PLAN

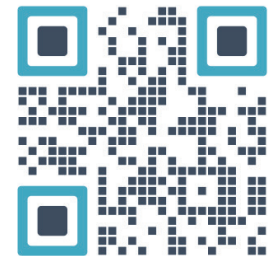

Foster City is updating its Climate Action Plan (CAP)! A Climate Action Plan is a plan to reduce greenhouse gas emissions while building community resiliency. We're conducting a community survey to get your valuable feedback on proposed CAP strategies and to collect new ideas from you. Your input will help guide CAP priorities and determine solutions for preventing and adapting to climate change. Take the survey:
